

Big time beckons

'I want to take my soccer as far as possible and I'm prepared to work hard to reach my goal'

■ Beacon Hill High's Keeno Shellar in action during a Mr Price fixture at Rocklands on Saturday.

JOHN ADAMS

Beacon Hill High soccer coach Dawood Tregonning believes that star defender Keeno Shellar could someday bring unprecedented success to the national team.

Shellar has turned heads and denied opponents access to goal since he was a little boy.

When he's not turning out for his school, who are second on the Mr Price log, Shellar plays for the Old Mutual Academy's under-19 squad. In 2008, he was the club's Vodacom league player of the year. He has taken another step in the maturation process and signed a contract with PSL outfit Super Sport.

"I want to take my soccer as far as possible. I'm going to have to train hard to get there and I am prepared to work for my goal," said Shellar.

Coaches who have had the opportunity to coach the young star have marveled at his abilities, leadership and work ethic. "He is very quiet off the field, but on the field is a different person," said Neil Pain, who coached him

for the past three years in the Vodacom league. "Some people talk for the sake of talking, but when he talks, the other players listen because they know it is going to be beneficial."

"He is outstanding in class and on the field. He is magnificent academically and is well-disciplined," Tregonning added.

Despite all the accolades, Shellar remains well-grounded and very close to his family. With the confidence and excitement of a new adventure knocking at his door, Keeno is still listening to the instructions of his coaches and his parents' advice. "He will just need the right guidance. When youngsters leave Cape Town, especially to Johannesburg, they struggle because it is tough out there," said Pain.

"But I think he could go all the way because on just football abilities, he has all the credentials."

The highest praise for Shellar came from coach Tregonning.

"If we want to make Bufna Bufna a success, then they need to include Keeno Shellar on the team."
